For some reason the bottom right point is not the same as the resolution???

7) Testing camera_resolution and output_resolution [4/10/2020]

- Keypoint_scale 0 and camRes 640x480 (since scale 0 scale it to the original source resolution)

```

"7": [633.515, 422.079, 0.103682],
"8": [364.644, 285.04, 0.344254],
