12.1

Tuesday, 3 November 2020   2:59 PM

Update meeting:
1) Std. Dev numbers cut to 3d.p (all round up i think better)

12.2

Saturday, 7 November 2020   8:22 PM

Integration of viewer UI

Change the viewer user guide to look more like:

User guide:

Blue circle...
The red lines ...
...

How To:
1) Go through the gif in the selection screen before proceeding to do the exercise.
2) Stand 2 to 3m away from the camera.
3) The correct pose is shown by the red skeleton in the middle of the screen.
4) There is no need to align your skeleton to the red skeleton.
5) Mimic the red skeleton.
6) Any difference between your skeleton and the red skeleton will be shown as warnings around the screen.
7) When one cycle is completed, the counter on the right will increment by 1.

Press 'H' again to exit this screen.
